

5th September 2017

Good evening Snow Country Ski Club members,

Well what a week we are having, the seasons largest storm to date and Perisher has received over a meter of fresh snow in the last two days with more snow still to continue dumping for at least another two days!

This will see a snow base of over three meters across the Perisher resort, one of the best seasons in the last decade.

With Perisher extending the season, now is the time to book another trip to the snow to experience this super season!

Both lodges still have beds and rooms available to enjoy this season and we are now in shoulder season, so prices are cheaper at both lodges.

If you have always wanted to try out Smiggins lodge, skiing in and out from the lodge, well now is the time to book and enjoy the snow and three meals a day included!

Please check out the lodge vacancies and get in touch with Karen (Smiggins) and or Helen (Jindabyne) to secure a few premium skiing days during the best season in a long time!

Also, a reminder that Perisher now has the 2018 EPIC season pass available for \$779, with only a \$49 deposit, get in early to secure the cheapest price and you'll be set to enjoy the lodges again next year.
